18x14 Pool & Patio Screen

BY PHIFER

This 18x14 screen is a traditional choice for patio and pool enclosures. Pool & Patio Screen was designed for applications where extra strength is desired.

20x20 No-See-Um Screen

BY PHIFER

This 20x20 fiberglass screen is a tightly-woven mesh designed to control small insects. No-See-Um Screen still allows good ventilation and visibility, while it provides some daytime privacy and stops most small insects.

Glas-Shield™

BY PHIFER

Glas-Shield™ is a vinyl-laminated 18x14 fiberglass screen. Glas-Shield can be installed below the chair rail to keep dirt and debris out of pool enclosures or as a privacy screen in vertical (wall) applications. Not made to be used as roofing material or in horizontal applications.

Charcoal

Phifer offers a complete selection of fiberglass insect screening for pool and patio enclosures. Phifer's fiberglass screen is woven from permanent glass yarn, which has been coated with protective vinyl to ensure lasting beauty, color and flexibility; and is produced under the most exacting conditions to meet rigid specifications and will not rust, corrode or stain. Phifer's fiberglass screen is compliant with Europe's REACH and ROHS commercial standards that are also recognized in the U.S.
